LETTER FROM NEW YORK.

[FROM OUR REGULAR CORRESPONDENT.]

NEW YORK, Jan. 11, 1868.

CONCERNING THE ABORIGINES.

The Indian Peace or the Indian Treaty (its all of a piece) Commission, appointed at the last July session of Congress, to go out upon the plains and confer (drink whisky and smoke the pipe of peace) with "ye gentle savage," have made a voluminous Report about their good work, and what they recommend for the amelioration of the condition of "the noble red men of the forest." By the Act of Congress, the Commissioners were authorized to summon together in Council, chiefs and head men of all tribes, from the Mississippi to the Rocky Mountains, whom they found engaged in war-dances, war-scalping, or on the war-path,—have a grand pow-wow, or "big Injin talk,"—ascertain the causes of hostility, and if possible, make treaties with them. Full accounts of the movements of these Commissioners, the thrilling incidents they met with, and the difficulties they encountered in getting many of the chiefs to stop scalping and come into Council, have from time to time been spread before the readers of the OREGONIAN. These Commissioners were charged with grave and responsible duties: First, of removing, *if possible*, the causes of the war; Second, of securing from depredation all frontier settlements, and providing for the safe and rapid construction of the Pacific railroad; Third, of suggesting some new plan for civilizing all these roving red skins. How they have accomplished their work, appears in the lengthy Report referred to. The *Siwash* millenium is approaching. The Indians are all to be properly *labelled and securely bound up in red tape*, furnished to order from departments at Washington. The pious and peaceful Quakers even, who have for years been trying in vain to get the care and custody of all our Indians, are knocked out of a job. According to this Report, the causes of the late Indian war are to be traced in the same old story of the sad records of wrong which for over two hundred years the invading white man has mercilessly inflicted upon "the lords to the manor born" in America. This game began among the Puritans, has been kept up by their descendants ever since, and the recent outbreaks are to be attributed to violation of treaties by the white men.

Perhaps 'tis so. If treaties made by authority of Congress in 1850, 1851 and 1852, with the Indian tribes in Oregon, had been promptly ratified and confirmed by the Senate, instead of being held in abeyance for four or five years, deluding the poor Indian into the mysteries of the glorious uncertainties and delays of a white man's government, the Oregon Indian War of 1855-6, probably would not have been.

Let the Commissioners look to it, and see if the fault lies not with the slow Senate and dilatory Departments, and not attempt to shuffle responsibility upon the shoulders of pioneer settlers, whom Congress, by its donation and homestead land laws invites into the new territories, and then leaves them for years without adequate protection from the bullet and the fire brands of these roving red-skins.

The Commissioners recommend that two great reservations be set apart exclusively for Indians. One to comprise all the country bounded on the North by Kansas; East by Missouri and Arkansas, South by Texas, and West by the 100th meridian of longitude. To this are to be gathered the Apaches, Arapahoes, Cheyennes, Cherokees, Choctaws, Chickasaws, Creeks, Comanches, Kiowas, Navajoes, Osages, Potowatomies, Seminoles, Wachitas and all the various tribes from the Platte to New Mexico, numbering about 85,000. The other, to comprise a large portion of the Territory of Dacotah, bounded on the North by the 46th parallel of latitude, East by the Missouri river, South by Kansas, and West by the 104th meridian. To this are to be assigned the Arcs, Arickarees, Assiniboins, Blackfeet, Bloods, Brules, Crows, Flatheads, Gros Ventres, Kootenais, Mandans, Minneconyons, Northern Cheyennes, Ogallulas and Ogallulu Sioux, Piegans, Poncas, Pen d'Oreilles, Two Kettles, Upper and Lower Yanctonias, Winnebagoes and Yancton Sioux, numbering about 54,000.

Some of the Kansas tribes, the Omahas, Sioux, and perhaps a few others, the Commissioners say it may be advisable to have remain at their old haunts among the civilizing influences of the settlers of Nebraska and Kansas. It is contemplated ultimately to bring upon one or the other of these great reservations, the few remaining tribes, which in Oregon, Idaho, Utah and Washington Territories may have survived influences of civilization, the humanizing labors and christianizing tracts of missionaries, and the *Jersey lightning* progress and *fine arts* of Indian agents and traders.

What a fine time all these various specimens of the bear hunting, tomahawking, scalping, war-dancing, woman-burning, whisky drinking, rone of the forest will have when they are gathered together upon these reservations.

It is recommended by the Commissioners that henceforth all annuities shall be paid to Indians in food, agricultural implements and articles to promote civilization and habits of industry. "It is cheaper to feed them than to fight them." They must succumb to corn-dodgers and pancakes. Breeches and hoop-skirts, in the long run, must triumph over tomahawks and war-dances.

In view of a conflict of authority between the Interior and the War Departments, it is recommended that Congress organize the Indian Bureau into a separate department for the control and management of all tribes that peaceably enter and abide within the reservations; and that the War Department alone settle the little differences with such as choose to fight it out on the other line. In view of flagrant corruptions which have proverbially been charged against officials heretofore managing Indian affairs, Congress is advised to pass an act fixing a day, not later than the first of February, 1869, when all superintendents, agents and sub-agents shall have to show a clean and clear record, without spot or blemish, or "walk the plank."

Military authorities are to be instructed positively to arrest all white persons who may persist in trespassing on Indian reservations and unceded Indian lands; no Governor or Legislature of a State or Territory to be permitted to call out troops or carry on war against any Indians; the President to have the sole power of declaring war: thus reads the unsophisticated words of the report on this point: "Any tribe assuming a hostile attitude, or refusing to keep the peace, shall, by the President, be put under the charge of the military"; the President to appoint some discreet person or persons in distant territories, either civilians or military men, to inspect and report upon Indian affairs. Can a few gentlemen be found in Oregon, who will be willing to act as inspectors in that quarter?

The Commissioners further recommend, in case Congress adopts their suggestion about reservations, that power be extended to enable them to conclude treaties, and extending their field of operations further west along the region to be traveled by the Union Pacific Railroad, to see the Bannocks, Snakes and other tribes west of the Rocky Mountains.

The report meets with much favor in the Atlantic States and at Washington, and is likely to be acted favorably upon. What a radical change will this solution of the Indian question work among the descendants of Rogue river Sam, of John, George and Limpy, of Klim in a whit, of Peo-pu-mox mox, of Kam-i-ak-in, of Wisne mucca, and all Siwash illihums on the other side of Jordan and Snake river?

The following mournful tale of the tragic end of "Lo, a poor Indian," who started from Walla Walla to see the new reservation grounds in Dacotah, was found written on a scrap of buckskin, at a camp near the crossing of Snake river. For the information of bereaved friends who may long look in vain for his return, we forward the same to the OREGONIAN.

Oh, don't you remember *Tyee Illi Lo*,
Sometimes called Joe, big-ty-he ox buffalo;
His hair worn *Shoshonee*, water-fall size,
Bangs of bright ochre daubed round both his eyes?

Lo, this poor Indian, a black bottle had,
Of *cultus* fire water, most devilish bad;
No Drake's S. T.—X. but what traders sell,
Only fit to be drank in nethermost ———
(manuscript illegible.)

On the trail tow'rd Lemhi he traveled a-while,
And grew jolly repeating his usquebaugh smile;
Till off from *Cayuse*, like Boston pale face,
Dead drunk as a dog sank this *illicum* race.

Through his side and shirt, like *Chinook* pine torch,
The rum blazing forth, a black hole did scorch;
Over the empty jug and the scorched hole,
Hiak klattawa! danced his *Siwash* soul,
(See McCormick's Dictionary.)

Unto the happy *si-yah* hunting grounds,
Where birch kanims and salmon dried abound;
Down the deep kanyons rush rivers of *lum*,
Big Injins *wa-wa*, dance all night, and bum.

A fortnight his corpus on the cold ground lay;
Bears, wolves came round, both cinnamon and gray;
Kayote, prairie dog, and *cultus* owl,
With bark and yelp, and *hi-yu* hoot and howl.
(Vide Night on the Plains.)

Feasting on this child of *Kam-a-ai-as*,
Three hungry beasts made a grand old walk-in;
Tougher than mackerel pickled or cod,
With stuff that kills *fortyrod*—forty rod.

In rushed the pack with horrid yell and squall,
*Forty rod—ail astra—*skin twould them all;
The mournful tale of *Hyas Tyee Lo*,
We here unfold, and vouch that all is so.

Signed, WIN-NE-MUC-CA, his X mark.

GREAT FEAT AT BILLIARDS.

Two great events of the week, which we find to record, are,—first the great billiard match of 1,500 points, for five hundred dollars a side, between two champions of the art of "the one and ball," John M. Dewitt and Wm. Goldthwait. M. Dewitt having scored in eight innings only seventeen points, at his ninth inning ran the game out without stopping, thus scoring 1,483 points in a single run—playing the game in one hour and twenty-eight minutes, and making the most brilliant long run on record. Beat that, you Portland, Jacksonville or Dalles knights of the cue, who can.

HENRY WARD BEECHER'S CHURCH.

Second, the annual sale of pews at Rev. Henry Ward Beecher's church in Brooklyn. If money be the root of all evil, there was a deep old snag planted in Plymouth Church, whose premiums for the highest seats, under the quick hammer and glibe tongue of the auctioneer, ran up to $425 each. The pews and extra chairs were appraised at $12,000; and the premiums bid exceeded that sum by $36,736 50, making the total income of the church for one year, from pew rents alone, the magnificent sum of $48,736 40. This church boasts the possession of the biggest organ in New York or Brooklyn, and a reading desk for its preacher, constructed of wood recently brought to this country from the Mount of Olives, in the Holy Land. Every Sunday, at both morning and evening service, this church is crowded (as the theater goers would say) from pit to dome, and oftentimes there is not standing room around the doors within sight of the pulpit, or sound of the preacher. A stranger in New York, who may leave his hotel at nine o'clock, and pr[illegible] to the Brooklyn Ferry, can find unmistakably the road to Beecher's church, by following the largest crowd.

BUSINESS MATTERS.

The dry goods market still works lower, and many failures are occurring among the heavy jobbers, both in city and country. Money is very abundant among the bankers, rich brokers and bond holders, but very scarce among all men of small means. Those who deal in what is termed "gilt-edged securities" can borrow all they want at five to six per cent. per annum, while to traders and mechanics of more limited means, loans are very difficult to be obtained at even twelve or fifteen per cent. per annum. The rich are growing richer, and the poor are becoming poorer.

THE OPPOSITION STEAMSHIP LINE.

The opposition line of steamers which has been put upon the route between New York and San Francisco, bids fair to continue for a long time, and at greatly reduced rates both for passage and freight. The new line, styled the North American Steamship Company, is substantially the same as that known as Webb's Nicaragua Line, with a list of steamers increased to five on each ocean. Upon the Pacific, are the America, the *Moses Taylor*, the *Nebraska*, the *Nevada*, and the *Oregonian*; upon the Atlantic are the *Santiago-de-Cuba*, the *San Francisco*, the *Dakota*, the *Arago* and the *Fulton*—the two last being chartered for one year from the New York and Havre Line, in which they have recently been running. From correspondence which has been made public, as well as reports of certain officers of the Pacific Mail Company, a contest of a really gigantic character seems to be brewing, and while the same continues, the traveling public may hope to realize very considerable benefits. At the outset the new company fixed their tariff of charges materially below old rates, and allowed to each passenger across the Panama Railroad, baggage free of charge to the amount of one hundred pounds. About the same time the following communication appears, addressed to the Pacific Mail Board:

OFFICE OF THE NORTH AMERICAN STEAMSHIP CO.,
NEW YORK, Nov. 18, 1867.

TO THE DIRECTORS OF THE PACIFIC MAIL STEAMSHIP CO.:

GENTLEMEN—Entertaining for you, personally, only feelings of high regard, we deem it but courteous, in establishing a line of steamers for California, via Aspinwall, to inform you that we have engaged in this enterprise, intending to conduct the business of this company (upon the same principle that actuates us in our private affairs) at rates that will pay us a fair and reasonable profit upon the large amount of capital invested.

Wishing at all times to preserve amicable relations with our neighbors, we hope you may be pleased to adopt the same policy we have decided upon, believing it will be to our mutual advantage.

We have the pleasure to be very respectfully yours,

W. H. WEBB,
DAVID DOWS,
WM. H. GUION,
CHARLES DANA,
PICKERING CLARK,
} Directors.

The directors of the Pacific Mail Company, confident of their position—with twenty steamers and two tugs already completed and in use, valued at $8,975,962—with four unfinished steamers on which has been paid $1,292,969—with the China line inaugurated, on which has been expended for steamers and depots upwards of $4,000,000, with real estate, wharves, warehouses and offices at New York, San Francisco, Benicia, Oregon, San Diego, Acapulco, Panama, Aspinwall, Yokohama and Hong Kong valued at $1,044,266, and with a total amount of assets, as per ledger balances, on the 1st of November, of $22,472,684—upon a full discussion touching the trade, the policy and the best interests of the Company, determined to protect the same against any and all competition of opposite lines, by reducing rates of fare and freight to a point which would render it impossible for an opposition to secure a profit, even if it should oblige the Pacific Mail Company to pass dividends. In the absence of the President, Mr. Allan McLane, who is on a trip to California and China, attending to the organization of that new line, Mr. Louis McLane, President *pro tem*, on the 3d of December, addressed to the Board of Directors a report upon the subject of this opposition. The following extract shows the spirit with which the contest will be maintained on the part of the old Company:

> Our freight and passenger statistics satisfy me that more than three-monthly line of steamers, of the capacity run by this company, cannot be employed in the so called Panama route with profit to the shareholders, and, if it were otherwise, we have been ready, at a day's notice whenever the trade required it, to put on a fourth line. When a company enjoys as profitable a trade as that in which this company is engaged, and has expended many years and millions of dollars in organizing and equipping for its conduct, I deem it best to protect it against speculative competition by reducing our rates to a point which will render it impossible for such an opposition to secure a profit, even though such a policy may oblige us to pass dividends. With our thorough organization and equipment, I am satisfied we can maintain this policy without impairing our capital or reserved fund, and have therefore reduced our rates for passengers and freight to a standard in accordance with the above views.
>
> Since the above statement was written I have received from our New York agent, Captain F. R. Baby, a letter addressed to him by D. N. Carrington, agent of the North American Steamship Company, and his reply thereto. Mr. Carrington's communication is only of interest as going to show the persistent and unreasonable demand of these gentlemen, that this company should share its profitable trade with them; which, if we were weak enough to yield, would merit the owners of the unemployed or unprofitable steamship lines to demand in their turn a share in the trade or of our reserve fund, the division of the latter being in all probability, the moving cause of the present action of the North American Steamship Company.

From the same report we condense the following interesting exhibit of the operations of that Company for the year ending Oct. 31st, 1867:

[illegible] —"Niggers, Bonds, Hard Currency and Greenbacks."

The "Democracy of Santiam Forks" have [illegible]. Their platform is exceedingly fortunate, as [illegible] it will give a policy to their party brethren [illegible] the State. Perhaps it would be [illegible] that in no other part of Oregon does [illegible] so genuine [illegible] "Santiam Forks." As might be [illegible] so intelligent a community, their [illegible] abstract of the most approved [illegible] tenets. They have many apprehensions of "negro equality," which, considering all the circumstances, is perhaps only a [illegible]. For not one of them appears to [illegible] himself that he can keep in advance of the negro if the latter is allowed a fair [illegible] in the race. Hence the negro must be [illegible] and fettered, and kept under continual [illegible] and disabilities. Somebody has [illegible] "Bonds" in the "Forks," [illegible] the Democracy there assembled, [illegible] taxing bonds and they forthwith [illegible] in their platform a resolution denouncing the exemption of bonds from taxation, and declaring that Congress has done this unjust thing. The next resolution declares for a "hard money currency," and the next for paying the bonds in [illegible] this [illegible] Democratic platform [illegible] are evidently as "[illegible] with the functions of government," [illegible] we beg to refer to a distinguished gentleman of Washington [illegible].

The platform, then, is "niggers," "bonds," "hard [illegible] and greenbacks." If this is not sufficiently comprehensive, what could be more so? The "Democracy of the Forks" do not trust to a [illegible] to support them. They have a very exact comprehension of the necessities [illegible] of politics. The "nigger" [illegible] in all Democratic [illegible], but the "Democracy of the Forks" [illegible] basis. "Bonds" are good material, they do not propose to repeat the error of the [illegible] Committee of Multnomah by [illegible]. "Hard currency" affords [illegible] for fine talk, but they do not stop [illegible]. All the foregoing elements [illegible] into their platform, and then add the finishing stroke by demanding the issue of twenty five hundred millions of greenbacks. In this they show a breadth of views which is worthy of that political community [illegible] are not bound by narrow rules. They are not restricted to a single line of action. They are not men of one idea; they do not put their whole trust in a single doctrine. Nothing could be more commendable than this, for have we not the high authority of Pope for the philosophical [illegible] that

"The mouse that puts its trust in one poor hole,
Can never be a mouse of any soul!"

The advantage which this platform has over most others which the "Democracy" have [illegible] lies in the positions which its [illegible] assume on the subjects of hard money and greenbacks. In former years that party had a great deal to say about a metallic currency, but [illegible] it became an advocate of the policy of flooding the country with shinplasters, it has said very little about gold and silver. The [illegible] of the party in the Western States have not been able to see their way out of the dilemma. But in the "Forks" they have fixed things. The difficulty [illegible] the hard money and shinplaster [illegible] is to be reconciled by a platform which praises one policy and demands the adoption of the other. In order to [illegible] general co-operation as possible, all who are in favor of hard money currency, and all who [illegible] equal in amount to the [illegible] bonds now outstanding, are invited to [illegible] with the party. This shows a remarkable spirit of accommodation. These matters have been perplexing the party in New York and elsewhere, and it owes a world of thanks to the "Democracy of the Forks" for the solution.

ROAD FROM ROSEBURG TO COOS BAY.—We have [illegible] a copy of the bill introduced by Senator Williams in the Senate to grant lands to aid in the construction of a wagon road from Coos Bay to Roseburg. The bill proposes to give alternate sections to the extent of three sections in width on each side of the road. The Legislature of Oregon is to prescribe the manner of building the road as to width, gradation, bridges, etc. No lands are to be given until portions of the road are actually completed.

The Democratic journals laud Major General Hancock [illegible] in New Orleans, where he is at present stationed on duty as the commanding officer of the Fifth Military District, he does not [illegible] the taste or hurt the feelings of the people there by wearing the national uniform. Would it not tend to soothe the sensitive feelings of the patriotic Louisianians if he should don the Confederate gray?

FOR OAK POINT.—The steamer *Ranger* leaves this morning for Oak Point and intermediate landings.

Hunt, Under Sheriff, replied that it was the intention of the Government to purchase the lines of telegraph in Great Britain, and promised the plan of effecting that change would be submitted to the House within a week.

A motion was made for a second reading of the bill for the suspension of the habeas corpus.

By the foregoing dispensation, then, there remain only three days of abstinence every week, the Holy Week excepted.

3. Furthermore, the faithful, who, by reason of their age or labor are not obliged to fast, may eat flesh meat at every meal, on all such days wherein a dispensation of abstinence is granted, that is, on Mondays, Tuesdays and Thursdays, except on the Holy Week, whose four last days are of strict abstinence. Indult January 16, 1834.

4. The regular meal is not, without reasonable cause, to be taken long before noon.

5. The use of flesh meat and fish at the same meal is prohibited.

6. There is no prohibition to use eggs, butter, milk and cheese. Lard may be used in preparing fish and vegetables during Lent. This disposition extends also to the days of fasting and abstinence throughout the year.

7. The Church excuses from the obligation of fasting (but not of abstinence from flesh meat except in special cases of sickness, or the like) the infirm, those under twenty one years of age or only attaining their growth, women in pregnancy or nursing infants, those who are [illegible] by old age, those who are obliged to undertake long and painful voyages, or whose works or duties are of an exhausting and laborious character, and those who by fasting would be rendered incapable of discharging the duties of their calling or would notably impair their health.

8. It is nevertheless eminently in the spirit of the Church that such persons should supply, in part, by some good works, that is, by prayers, alms and mortification for what is remitted in fasting and abstinence.

9. It is also in the spirit of the Church that fervent prayers and alms deeds, according to each one's ability, should be [illegible] companions of fasting and abstinence. These three sisters should go hand in hand to help us in our warfare against three mortal enemies, the world, the flesh and the devil, according to the advice of the Angel to Tobias, XII, 8, *prayer is good with fasting and alms, more than to lay up treasures of gold*. The practice of these three eminent good works we must oppose to that triple concupiscence that reigns in the world (1st John, ii, 16) and by means of which Satan maintained his unhappy reign. By fasting we overcome the lust of the flesh, by alms we subdue the lust of the eyes by which we are apt to covet the mammon of the world and its empty toys; and by fervent and humble prayers we conquer the pride of life and put to flight the devil, the king of pride. Oh! let us never forget to call in, in this holy season, these powerful auxiliaries to help us in our warfare. The most praiseworthy practice and holy exercise of reciting the Chaplet (one-third of the Rosary) is most earnestly recommended to be observed every evening in each family during the whole of Lent.

10. The very soul of fasting and abstinence is a penitential spirit which implies a deep sense of the guilt of our sins, a horror and detestation of our past disloyalties and treasons and a hearty sorrow for the future and particularly, a readiness of mind to make the best satisfaction we are able to the divine Justice by punishing ourselves for our sins. Fasting and abstinence performed in this spirit cannot fail to move God to mercy.

11. By an indult of our Holy Father the Pope Pius IX granted in 1860, at the request of the late Rt. Rev. Bishop of Buffalo, the army and soldiers in the U. S. service have only six days of abstinence during the year, viz. Ash Wednesday, the three last days of the Holy Week, the Vigil of the Assumption of B. V. M. and that of Christmas. But as to the obligation of fasting it remains obligatory for them as for all the rest.

12. On all the Wednesdays and Fridays in Lent, will take place, in the different Churches, the usual evening exercises, consisting of the recitation of the Chaplet in honor of the B. V. [illegible] of an instruction and the Benediction of the Bl. Sac. [illegible]

Given at Portland, Oregon, February 19, 1868.

† F. N. BLANCHET,
Archbishop of O. C.

P. S.—The following dispensation of abstinence has been renewed at Rome for TEN YEARS from August 23d 1865 for the whole Ecclesiastical Province of Oregon City, viz.

1. On all the Saturdays of the year which are not fasting days of obligation.
2. On the Wednesdays of Advent.
3. On the three Rogation days and St. Mark.
4. On certain days in Lent.

Great Results of the Pacific Railroad.

A writer in the Cincinnati *Gazette* concludes an article on the greatest of our achievements, the Pacific Railroad, in words so eloquent that we must reproduce them. Let the reader notice how in this single brief paragraph the idea of our country's greatness is unfolded:

A half dozen years since the Pacific Railroad was only a speculative idea. Four years ago it had no existence. To-day seven hundred and fifty miles are completed. Almost half of the grand work is done. Already the locomotives ascend a summit higher than any upon which locomotives ever stood. Far above the line of perpetual snows the fiery buzzing locomotive stands and there looks down upon sunny vales, where the vine and the peach grow in rich luxuriance. Soon, from Cheyenne on the one side, and Cisco on the other, the chariot fire will descend into the great basin of America. Along Humboldt river from the west, across Green river from the East, the trains will rush on to meet in the Great Salt Lake Basin. What throngs will pass along. How the Asiatic and the European will traverse our country. What strange faces we shall look upon! How the vast produce of China as well as Europe will come to this country and exchange in the great market of America. Already the long trains from California and Oregon from Montana, Colorado, Idaho and Utah come to and from each end of these lines. Already hundreds of millions of acres of land, which were before inaccessible, are opening up to market. Here are the gardens for the laborer, the resources of the poor, the solace for the unhappy, the outlet for the discontented, restless spirits who dislike the restraints of an older civilization. Here is a home for the demagogue, who having in vain tried to pull the Republic in pieces, may find a San Martin in the mountains and administer it according to the precepts of his own beautiful philosophy. Here is the place for a man who is afraid of negroes, for negroes won't go there. Here, if they only knew it, is the St. Helena of Jefferson Davis, of Mason and Slidell, of Cobb, of Beauregard, of Semmes, and all that delightful company of happy and humane people who happened unfortunately to cause a little unpleasantness in this country. [illegible] insects of an hour, and flutter out your existence unharmed.

JOHN BULL'S "DEEP CONCERN."—Johnny Taurus is certainly an amiable fellow. He has a neighborly way with him that we of this nation [illegible] appreciate. No man's pie was ever known to be free from his ambitious finger, but this is doubtless owing to his benevolence and watchfulness for the general well being of mankind. He showed his regard for us quite recently by giving all possible aid to our misguided fellow citizens of the South; he equipped an *Alabama* and *Shenandoah* and sent them off to [illegible] after [illegible] merchant and whaling ships and kindly provided an asylum for a class of individuals who would not have been safe had they remained among us to hatch their plots and fix up their little schemes. Johnny still takes an interest in our welfare. That portion of his family who occupy Vancouver Island are in a state of deep solicitude about this country. The *Colonist* feelingly remarks that "the state of American political affairs is becoming a subject for deep concern among the well wishers of the United States." That paper then goes on to talk about "the unpopular and unworthy Secretary of War," and laments that our popular and worthy President cannot get rid of him. It also assails General Grant in a very bitter manner. It strikes us that we have been the objects of this same description of sympathy before. It shone out conspicuously during the Southern rebellion. We have a remembrance of it in the *Alabama* claims, and are not likely soon to forget it. On the whole, we think we can get along without the sympathy which Johnny Taurus offers us. This country has had a little too much proof of his "deep concern" in its affairs.

CALL OF THE COUNTY COMMITTEE.—The manner of holding the primaries which is recommended by the Union County Committee of this county cannot fail to be satisfactory to all members of the party, inasmuch as it will give full opportunity for all to participate, and do away with a principal cause of complaint, which has existed on some former occasions. The Committee have also acted wisely in making the object of this call separate and distinct from that of nominating a county ticket. By this course the Congressional and district nominations will be kept entirely free from the entanglements of county affairs. The right course has been commenced to ensure harmonious proceedings, and we trust it will be continued throughout.

THOSE WHO OVER-TAX THE VOICE IN SINGING OR PUBLIC Speaking will find "*Brown's Bronchial Troches*" exceedingly useful, enabling them to endure more than ordinary exertion with comparative ease, while they render articulation clear. For Throat Diseases and Coughs the Troches are of service.

CHAS. DICKENS' READINGS are creating quite a sensation in the Atlantic States, the proceeds of which are so enormously large that that popular author refused the sum of Twenty five Thousand Dollars to come to San Francisco—and yet the people of Oregon continue to buy their clothing and dry goods of the best and cheapest house in the State, which, of course, is at KOHN & FISHEL'S.

SPERMATORRHŒA.

DR. DOHERTY has just published an important pamphlet embodying his own views and experiences in relation to Impotence or Virility, being a Short Treatise on Spermatorrhœa or Seminal Weakness, Nervous and Physical Debility consequent on this affection, and other Diseases of the Sexual Organs.

This little Work contains information of the utmost value to all whether married or single, and will be sent Free by mail on receipt of Six Cents in postage stamps for return postage. Address

REPORT OF THE GRAND JURY.—The Grand Jury completed its labors yesterday morning and was discharged. The following is a copy of the report submitted:

To the Honorable Circuit Court for the County of Multnomah, State of Oregon:—We, the Grand Jury of the County of Multnomah, beg leave, most respectfully, to report that we have carefully inquired into all offences laid in Multnomah county and brought to our knowledge, and have found and returned into court eight bills of indictment and two not true bills.

We have examined the County Jail and find the same in good condition, clean and comfortable, and entirely secure. There are ten persons in confinement, and from their own report, are well provided for and well treated by all in authority over them.

In regard to the City Jail, we consider it unhealthy and unsafe for the confinement of offenders, and should be abated as a nuisance.

As to the County Hospital, we find fifteen persons, one female and fourteen males, all well cared for and well treated.

At the Insane Asylum we find twenty-three females and sixty-six males, making in all eighty-nine, all comfortably clad, well clothed, clean and comfortable. The different wards were clean and comfortable and well ventilated. The bed-rooms were clean and comfortable; the kitchen and outhouses had the appearance of cleanliness and comfort.

All of which is most respectfully submitted, and no further business appearing, ask to be discharged.

PUTNAM'S MAGAZINE.—We are indebted to Capt. McCormick for the January and February numbers of *Putnam's Monthly Magazine*—new series. The two numbers contain a total of 2?4 pages, filled with reading matter of great variety, by some of the best writers of America. The new publication is intended to be similar in character and general appearance to the former series of *Putnam's Monthly*, which ranked, during its existence, among the ablest periodicals in America. The publishers say in their prospectus accompanying the first number: "It will be a *national publication*, supported by the *best writers*, in each department, in every section of the country. High-toned papers on matters of *national interest*, *popular science* and *industrial pursuits*, and sound *information* and instruction on important topics, will be specially cultivated. In the lighter articles, *healthy entertainment* and *pure amusement* for the family circle, will be carefully chosen from the ample resources presented by a large circle of contributors. An American story of dramatic interest and healthy tone, will be commenced in the first number, which will also contain a *Christmas Story*, and important articles by [illegible] writers."

The subscription price is $4 per annum, in coin, payable in advance. Bancroft & Co. of San Francisco are the exclusive publishers for the Pacific coast. Orders may be sent to that firm.

ARRIVAL OF THE OCCIDENT.—The *Couch* arrived at 4 o'clock yesterday afternoon, having in tow the bark *Occident*, Captain Simpson. The Captain informs us that he had a rough time on the trip down, [illegible]tering almost constant heavy weather from the time of going to sea. His cargo received some damage from sea water, the amount not ascertained when he sailed. He preferred to stand the entire loss, himself, rather than enter protest and seek a general average. The *Occident* made the passage from San Francisco to Astoria in seven days, and remained there twenty eight days on account of the river being frozen. She brings the *Alma's* freight from Astoria and one hundred tons on the Captain's account. Her return cargo has already been engaged and will be got on board in three or four days—consisting of flour, wheat, beef and bran. She will probably sail early next week.

A MAGNIFICENT PRESENT.—Mr. Cris. Taylor, the late representative from the Grand Lodge of Oregon, I. O. O. F., to the R. W. Grand Lodge of the United States, received yesterday, per steamer *Ajax*, a Past Grand Representative's regalia—a present from Wm. Curtis and others, made at Curtis' Odd Fellows and Masonic Depot, Philadelphia. It is in the usual form of an Odd Fellows' collar, with very rich and heavy gold and silver embroidery on a silk velvet ground, the collar being fastened at the front with the three emblematic links, in solid gold bullion. We have no idea of the cost of it, but it evidently cost enough to render the token a very substantial one, besides being the means of conveying the high regards of the donors to the recipient. The collar is undoubtedly the richest thing of the kind on this coast, in any of the orders represented here.

THE "HUNGRY BROTHER" TRAVELS.—The "Hungry Brother"—Van Tassel, late of this city—receives the following notice from the *Record* of yesterday: "Van Tassel, the bummer, is becoming rather more famous than any of the old name on the Hudson. He victimized Albany people awhile getting some quarters and halves to invest in whisky. He took passage on the *Enterprise*, Saturday, for Corvallis giving a useless promise that there was some one on board to settle the fare. Mr. Love, the clerk just to teach him not to lie, put him off at a woodyard. The deck hands offered to pay his way if he would pitch wood a little while, but Van fell back on his dignity and didn't feel like it."

CIRCUIT COURT, UPTON JUDGE.—The following are the proceedings of yesterday, the 19th.

Jas. J. Dorris vs the O. S. N. Co., verdict of the Jury for the plaintiff in the sum of $492.

State vs. John Williams, defendant, by consent of Court was allowed to withdraw his plea of not guilty and to plead guilty of petit larceny.

State of Oregon vs. Jos. Taylor, jury empanneled. J. Stewart, Thomas Fitch, W. Patterson, John W. Wilson, Nathan Thurman, F. J. Streibig, Richard Brotherton, J. S. Royal, Samuel Brown, Archon Kelly, C. P. Bacon and J. R. Holmes.

THE COLUMBIA RIVER.—The steamer *Fannie Troupe* ran down to the mouth of the Willamette, yesterday, and crossed the Columbia river to the Washington Territory shore, landing passengers for Vancouver and taking passengers for Portland. The river opposite the mouth of the Willamette was entirely open, but was still closed above and below. The ice, however, is getting quite rotten and the belief is that it must break up by the close of the present week.

ORGANIZATION OF A CLUB.—On Tuesday evening, the Democrats of East Portland met and organized a club and were addressed by several gentlemen of this city and elsewhere.

EXPRESS AND MAILS FOR THE DALLES.—Mr. McBean, Express Messenger and Mr. Blakeney mail carrier leave early this morning for the Dalles via the trail. It is thought that with all our late warm weather and the present rain the river will be open before the regular time for the return of the messengers to this city, and that therefore, one more trip down will have to be made.

PRODUCE.—The following is a list of the arrivals of produce yesterday, by the various steamers. Per *Alert* from Oregon City, 3,000 qr sks flour, 500 boxes apples, 50 hf bbls fried apples, 14 bales woolen goods, 4 sks oysters, 60 sks feed. Per *Ranger* from Oregon City, 1,200 qr sks flour and 493 boxes apples. Per *Fannie Troupe* from Columbia river, 110 bales hay.

THE RANGER.—The *Ranger* is at present under charter to the Transportation Co. of Haun & Co. to run between here and Oregon City on Mondays and Thursdays of each week. The Thursday trip of this week, however, will be omitted, and the *Ranger's* next trip will be made on Saturday.

REVIVAL AT VANCOUVER.—We hear from Vancouver that an extensive revival is in progress at that place, under the labors of the Methodist church. Quite a number of conversions have already occurred.

GONE UP THE RIVER.—The schooner *Crosby* cast off from her wharf at the Gas Works and sailed up the river, yesterday, bound as we suppose, to Oswego, to discharge lime rock for the Iron Company.

CANDIDATE FOR SHERIFF.—Mr. Henry L. Hoyt is announced as a candidate for Sheriff of Multnomah county, subject to the decision of the Union Convention soon to be held.

GOING FOR NEW GOODS.—Mr. Chas. Fishel of the firm of Kohn & Fishel, will go to San Francisco, by the steamer *Ajax* for the purpose of laying in an extensive stock of Spring goods. Mr. Fishel's well known reputation as an accomplished judge of goods, is sufficient to insure a rush for Kohn & Fishel's when the new stock shall arrive.

FIRST NATIONAL BANK OF IDAHO—BOISE CITY, I. T.—Organized March 11th 1867, (with circulation) under Act of Congress, approved June 3d, 1864. Authorized capital $500,000. Paid up capital $100,000. B. DR. C. W. COOL,
DENTIST.

THOSE WHO DESIRE FIRST-CLASS DENTAL SERVICES might do well to give him a call. He is making a NEW AND IMPROVED VULCANITE PLATE. The nature of his improvement consists in lining the entire concave surface with fine gold, it makes the plate twice as strong and one-third times thinner than the common vulcanite plate. It also prevents the acids of the mouth from roughing the plate, and from turning it black, which is a common occurrence. One half of the common Vulcanite plates turn black after being in use a short time, particularly where tobacco is used for smoking. His new style of plate admits of a very fine finish on the concave or palate surface. His office is the only place where such work can be had. The improvement is his own invention, for which he has received, December 3d, 1867, a patent from the United States Patent Office. He has been making this style of work for the last two and a half years, and has specimens of the work which can be seen at his office. This work has given satisfaction in every case.

MARTIN LUTHER once thought he saw the devil in his chamber, and threw an inkstand at his head. Had they had in those days AYER'S PILLS to exorcise all the devils that come from a disordered stomach, his laughable fright would not have been such a matter of history.

DR. HOSTETTER'S STOMACH BITTERS should be in the possession of everybody in the mining region. As a preventive of various diseases to which the gold seeker is liable, it has no superior. While it is quite palatable even as a beverage it is speedy and powerful in its effects upon the system. In all cases of diarrhea, dysentery and the prevailing fevers consequent upon exposure, the Bitters will be found invaluable as a corrective. No man should enter upon the exposed camp life of a miner without being provided with Hostetter's preventive of stomach disease, nor should any of those who are now engaged in the occupation fail to have recourse to the Bitters. Sold by all druggists and dealers everywhere.

PERRY DAVIS' VEGETABLE PAIN KILLER.

THE UNIVERSAL REMEDY FOR INTERNAL AND EXTERNAL COMPLAINTS.

At this period there are but few of the human race unacquainted with the merits of the Pain Killer, but while some extol it as a liniment, they know but little of its power in easing pain when taken internally, while others use it internally with great success but are equally ignorant of its healing virtues when applied externally. We therefore wish to say to all that it is equally successful whether used internally or externally, and it stands alone, unrivalled by all the great catalogue of Family Medicines, and its sale is universal and immense. The demand for it from India and other foreign countries is equal to the demand at home and it has become known in these far off places by its merits.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise which commands here, and in the markets of the interior a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only aids in the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.

Each package bears the signature of G. VENARD.

HOSTETTER'S
CELEBRATED STOMACH BITTERS!
A Pure and Powerful Tonic,
Corrective and Alterative, of wonderful efficacy in Diseases of the
STOMACH, LIVER AND BOWELS.

PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Billious Remittent Fevers, Fortifies the System against Miasma and the evil effects of unwholesome water, Invigorates the organs of digestion and the bowels; Steadies the Nerves and tends to Prolong Life.

REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL and restorative in its nature, enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind; no deadly botanical element, no fiery excitant; but is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants.

The weak stomach is rapidly invigorated, and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes.

As a Genuine Tonic HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In case of Constitutional Weakness, Premature Decay, and Debility and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stage of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed it operates to re-enforce and re-establish them.

Last, but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

Wife, Children and Friends

When the black lettered list to the gods was presented
(The list of what Fate for each mortal intends)
At the long string of ills a kind goddess relented
And slipped in three blessings—wife, children and friends.

In vain surly Pluto maintained he was cheated,
For justice divine could not compass its ends;
The scheme of man's penance he swore was defeated,
For earth becomes Heaven with wife, children and friends.

If the stock of our bliss is in stranger hands vested,
The fund ill secured oft in bankruptcy ends;
But the heart issues bills which are never protested,
When drawn on the firm of wife, children and friends.

Though valor still glows in his life's waning embers,
The death-wounded tar who his colors defends,
Drops a tear of regret as he dying remembers
How blessed was his home with wife, children and friends.

[illegible], whose deeds live immortal in story,
Whom duty to far distant latitudes sends,
With transport would barter old ages of glory
For one happy day with wife, children and friends.

Miscellaneous Items.

Bayard Taylor finds living cheap in Venice. A cup of coffee at a first class restaurant costs four cents and a good dinner with wine fifty cents. But this involves extravagant luxury. Bread, fish and fowls cooked may be bought for a trifle, and roasted pumpkin seeds more palatable to the people than almonds are sold in the streets at marvelous low rates.

The following colloquy took place between a municipal justice and an unmitigated loafer: "What is your name?" "Thomas J. Cann." "Where do you live?" "Where I can." "How do you live?" "How I can." "Very well," said [illegible], "I can send you to Deer Island; do you think you can live there, Thomas?" "I can, for I have tried it," said the fellow, and he was led off.

[illegible] and a friend were passing through the lower portions of London, they saw two women violently scolding each other from the upper windows of their respective tenements [illegible] to be on opposite sides of a very narrow street. "Why, these women can never agree," remarked Lamb, "they are arguing from different premises."

[illegible] some persons are left-handed is because the left lung or side is stronger than the right; but the reverse is the case with few exceptions, and hence most people are right handed; [illegible] the reason why one travels in a circle when lost in the forest, is because the superior strength of the muscles of the right side draw the body [illegible] the attention is directed to some par[illegible]

H. W. SHIRLEY'S
PACIFIC
TURBINE WATER WHEEL!

Fig. 1,

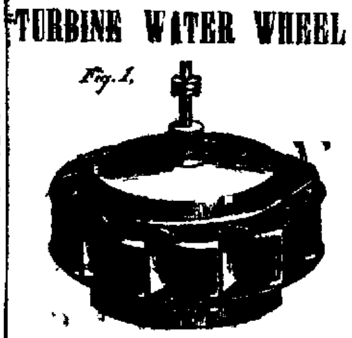

Fig 2,

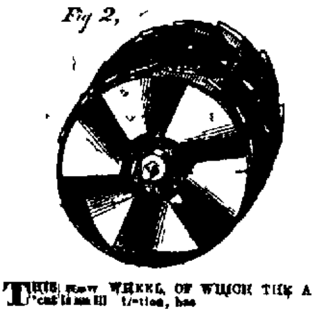

THIS new WHEEL, OF WHICH THE ABOVE cuts [illegible], has

FOUR SETS OF BUCKETS,
USES THREE-FOURTHS OF THE WATER TWICE,
Giving at least Twenty per cent more Power than any other Wheel ever invented.

Figure 1 is an axial section of case with wheel inclosed and illustrates the arrangements for applying the water through a series of openings in the periphery of the case direct upon the wheel by fixed guides. Pivoted gates extend inward toward the opening which are between their inner ends, and when open fit closely against the guides, thus offering no obstruction to the inward flow of water. The gates are opened and closed by a hand and ratchet wheel, upon which operates a rack segment on a ring which extends entirely around the top of the case, partially revolving the ring from different points. The revolving of the ring opens or closes the gates by means of connecting rods.

Figure 2, a perspective view, shows the three sets of periphery and the radial set of buckets. The peculiar construction is such that it uses three fourths of the water twice, something never before achieved in any water wheel. The buckets are very shallow and [illegible] the water to [illegible] the outer diameter of the wheel. After the water exerts all the power that can be obtained [illegible] well arranged periphery buckets it passes to and is again used upon the radial set, giving an additional power and producing an increased velocity and steadiness [illegible] truly wonderful.

Aware that the new principles of this invention may not be readily comprehended the inventor has [illegible] that seeing the wheel work is the most certain way of removing skepticism. He will warrant every wheel to perform all that he claims for it. By its use many of the now abandoned water powers may be again [illegible] adding to the employment and wealth of the country.

Manufacture of the Wheel.

The Inventor has made arrangement with the WILLAMETTE IRON WORKS Portland, for the manufacture of these Wheels.

All orders addressed to either

Will receive prompt attention.

MR H W SHIRLEY Sir: In reply to your inquiry as to how I like your Pacific Turbine Wheel I [illegible] say that I have used one over shot and three Leffel wheels—10, 13 and 15 inch diameters. When I substituted your 15 inch wheel for the 13-inch Leffell wheel though [illegible] it worked the machinery like a top, using 52 ft of water per minute more than the 13-inch Leffell. At your request I subsequently took your wheel out that it might be finished and then I put in a 15 inch Leffel but it gave no better power than yours while it used 51 cubic feet more water per minute. After some months I replaced your wheel and am still using it with the most satisfactory results. I have subjected it to some severe tests. For instance while running the circular saw in a log which squared 18 inches, I added the planer with a 9 inch knife, cutting from one-eighth to one-fourth of an inch depth without in the least slacking the speed. After thorough tests of both wheels I am satisfied [illegible] power as the Leffell with gates one-third open. At half gate [illegible] the power of [illegible] at half gate. At full gate [illegible] At larger gate the Leffel holds no [illegible]

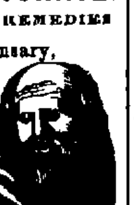
TO THE UNFORTUNATE.
NEW REMEDIES, NEW REMEDIES.

Dr Gibbon's Dispensary,



616 KEARNEY STREET NEAR COMMERCIAL, San Francisco. Established in 1854 for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases of years standing and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons both male and female are there who are suffering out a miserable existence from the effects of secret indulgences or from virus absorbed into the system. Look at their pallid emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this terrible situation thousands suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these terrible destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Dr Gibbon who has made [illegible] private diseases his especial study for [illegible] years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is in my place to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities, puffing up their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emission is the consequence of self abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

TO THE LADIES.

The various complicated and distressing diseases incident to females treated with eminent success. Such as Suppressions, Irregularities, Whites, Falling of the Womb, Tumors, all Urinary Diseases, Nervous Debility, Painful or Difficult Menstruation, Barrenness, etc. will be speedily cured without poisonous drugs, injurious or unpalatable medicines of any kind. Have no delicacy in calling, no difference what your troubles may be. The afflicted are cordially invited to call and satisfy themselves.

Persons calling at Dr Gibbon's office or sending for packages of medicines, may rely upon his assurance of confidential secrecy with implicit faith, and expect no more than to be charged with a fair and mutually satisfactory remuneration for services rendered, considering the circumstances and difficulties of cases, rather than the too prevalent and selfish practice of extortion among quacks and pretenders.

DOCTOR GIBBON is responsible and will give to each patient a written instrument, binding himself to effect a radical and permanent cure or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr Gibbon stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells Fargo & Co.

Address DR J F GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultation FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian.*

HIRAM SMITH'S
Ophthalmic Panacea!

IN BRINGING THE ABOVE NAMED NEW REMEDY to the notice of the Public the Proprietor begs to state a few facts in relation to it as follows.

It originated in Prussia, where the science of Medicine is so thoroughly taught and practised, but owing to the poverty of its discoverer its wonderful properties were not known beyond the limited circle of his acquaintance, in which, however, it proved itself absolutely infallible in eradicating disease from the eyes.

He immigrated to this country bringing his discovery with him, but seems to have been indifferent to the propriety of giving it general and wide-spread circulation, and, as previously in his native country, seemed only desirous of using it among his friends and neighbors.

The present proprietor was one of those neighbors, and for many years was a witness to its wonderful efficacy, and, after ineffectual efforts to persuade the inventor to more widely disseminate the knowledge of its virtues, finally became himself the possessor of the secret of its preparation.

And now while he does not deny that he hopes and expects to make money by its sale, he must yet lay claim to a desire to benefit his fellows by presenting to them a remedy *which does and will cure where medical science* and all experience have failed.

He wishes it to be understood that it will cure *all* diseases of the eye whether of recent or long standing, but its greatest power is exhibited when it is applied to old Chronic Cases of long standing which have resisted every other attempt to cure them and which have been given up as hopeless and past being cured or relieved.

He asks those afflicted in this way to give it a trial, and so confident is he of its success that he instructs all his agents TO REFUND THE MONEY IF IT FAILS TO CURE.

It has within the past year cured cases of GRANULATED LIDS, INFLAMMATION, &c., of FIVE, SIX, NINE, FIFTEEN and SEVENTEEN YEARS STANDING, evidence of which fact is furnished in the testimony of the following persons living at and in the neighborhood of Harrisburg, Linn county.

ALEXANDER L WALKER was cured of inflamed eyes, of [illegible] years standing. Had been treated by eminent physicians during all that time without effect.

Mrs MONTGOMERY of Harrisburg had inflamed eyes for over two years. For one year they were so bad that she could not work. Was finally completely cured by the Ophthalmic Panacea.

R B MOORE of the firm of Moore Garst & Baber of Harrisburg had granulated lids for six years.

NATHANIEL BELT of Clackamas county had inflamed eyes—a bad case—for over fifteen years.

ROBERT RAMSEY and W D PORTER of Harrisburg, JOHN M HOLLOWAY, of Linn County, G R WARD, of Lane County, were all afflicted, more or less severely, with diseased eyes, and were cured by the Ophthalmic Panacea.

All the above named persons have given lengthy testimonials to the facts as above stated which may be seen at the proprietor's office in Harrisburg.

There is nothing of so great importance to the sick as to know where to find a physician whose skill and humanity give assurance of proper and delicate treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble to the invariable success that has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this notice to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge SEMINAL WEAKNESS. That is sapping with insidiousness the very life of its victims; in the treatment and cure of which the Institute has earned so enviable a reputation.
